4 THE MACHINE

49 COURT STREET
FAVORITE COLOR
BINGHAMTON
FRI. SAT. 9 PM - 12 AM

Time machines come in all shapes in sizes - a police box, a telephone booth, a DeLorean. But a 3 story neoclassical bank building? The Machine invites you on a journey through time, space and alternate dimensions. In the blink of an eye, you're standing on primordial earth. Moments later, a medieval fort. It's a joyride while it lasts--but among the infinite possibilities of time and space, there is always some chance that something goes wrong.

5 TRANSFIGURACIO

42 CHENANGO STREET
UNITED PRESBYTERIAN CHURCH
ONIONLAB & XAVI BOVE
BARCELONA

FRI. SAT. 9 PM - 12 AM Transfiguracio will immerse you in a hypnotic interplay of lights and orchestral music. Originally composed for a 10 piece chamber orchestra, Transfiguracio has been completely rewritten to feature a 44 piece orchestra from the Binghamton Philharmonic for its American debut. Through dance, two lovers are challenged by society and each other to seek what's hidden beneath he surface, all the while resisting the informational cacophony threatening to overwhelm their senses.

8 REFLECTION

59 COURT STREET (REAR)
HYPNOTICA
HOUSTON
FRI. SAT. 9 PM - 12 AM

Become a part of the simulation. Hypnotica invites you to experience yourself on the other side of a digital mirror. The on site techs will instantly build a 3D simulation of your face, formed from a frenetic animated particle field. Watch as it tracks your every move in real time and recreates your essence projected 6 stories tall.

Listen to writers, directors, animators and artists pioneering new ways to share an idea.

10 SIGHT UNSEEN: A LIGHTS OUT DINNER EXPERIENCE
